[Samsung M620 Upstage Tri-Band GSM Phone - Unlocked](#)

Part of the Ultra line, the unique unlocked SAMSUNG SPH-m620 UpStage is a multimedia powerhouse. On one side, it's a stylishly slender cellphone, digital camera and camcorder. On the other, it's a dedicated music player with touch-sensitive media controls, a large 2" display screen and stereo speaker. Listen through a Bluetooth wireless headset while you make calls, watch Sprint TV, and view photos, videos and clips stored on a memory card. It's a complete mobile communication experience! Only SAMSUNG could combine such an amazing number of communication and entertainment functions in a single sleek device! Measuring just over 0.37" thick, 4" long and 1.7" wide, the UpStage tucks neatly into your pocket or purse, so you're always connected. Even turned off, its sleek, double-faced design is stunning to look at. Ergonomically designed for easy use, with a d-pad, bevels, large buttons and number keys, this is one cellphone you'll never want to be without. It's a 1.3 megapixel digital camera and camcorder all in one. Record a 512 KB-size video file in MMS, or videos that can run as long as your storage allows. Take still photos and use them as wallpapers, caller ID images or send them as picture mail. Be creative!

**GALAXY Ace takes a minimal approach in its design, resulting in a sophisticated mobile that will allure. The smooth rounded edges and slim, compact size are a pleasure to wrap your fingers around, just as the large 3.5" HVGA screen is a delight to watch. With approximately 100,000 apps available on the Android Market, there's no end to what your mobile can do. Enjoy countless games, utilities, news, health and finance applications with more being added each day. The scope of what GALAXY Ace can do is virtually unlimited! GALAXY Ace offers a fully integrated one-page layout of your phone book, IM, email, and SNS. You can also organize and view your contacts according to four separate formats-Info, History, Activity and Media-so you can customize your layout just the way you want it. GALAXY Ace comes fully loaded with all I need for smooth web browsing, downloading and more. Equipped with a strong 800MHz processor and Wi-Fi, I can surf the web, download apps quickly, and share content with friends. Multitasking is a breeze, so we can have fun in all sorts of ways. GALAXY Ace features Quicktype by SWYPE, an intelligent interface that connects the dots made by your finger to figure out what you are trying to write. By moving your finger across the keypad from letter to letter in one fluid motion, the mobile senses exactly what you want to say!**
